

Vyr & Mey

“Feather”

Episode 03

Version 02 – 6/12/2005

Vyr appears wearing a beret with a long feather. He gesticulates, showing his elegance.

Mey appears running and stops next to Vyr. Confirming that the beret attracts attention.

Vyr improves his performance, putting his hand back and releasing a sumptuous red cape that was hidden.

Mey nods and arches his back, alluding to Vyr, who quickly pulls another surprise by bringing out a rapier.

Vyr carries out a demonstration with several movements, like a great swordsman.

Mey shows no interest and performs an overhead back flip, jumping over to the other side, and shows the feather that she stole from the beret. Vyr is very angry.

Mey also imitates a swordsman, using the feather as a rapier.

Vyr bursts out laughing since he knows the feather poses no danger to him. So Mey approaches Vyr and rubs the feather on his body several times.

Vyr starts to feel ticklish and falls to the floor, laughing hysterically.

Lettering: “The feather is stronger than the sword”
