

# Vyr & Mey

“Smile”

Episode 02

Version 01 – 2/12/2005

Vyr opens up a jaw trap on the ground and covers it with some leaves.

Mey is rapidly approaching. Vyr jumps behind a bush.

Mey stops exactly above the trap and nothing happens.

Vyr is upset at the fact that the trap didn't work and emerges from the bush moaning to Mey.

Mey smiles cheekily as if to say that it's not her problem.

Vyr looks at Mey angrily, who replies with a bigger, and now shining, smile.

Mey pulls out a toothbrush and brushes his teeth to leave them even shinier.

Vyr tries to smile but realizes that his small teeth are no match for Mey.

Vyr pushes Mey backwards and removes the trap from the leaves, putting it in his mouth, like a really imposing and evil set of teeth.

May signals to Vyr that he has something in his teeth. Vyr presses the denture and it deactivates in the opposite direction, swallowing him, with only Vyr's eyes left visible.
